THE STRIKE ORDER.

So Far as Can Be Ascertained
it Was Not Obeyed in
West Virginia.

THE COAL OUTPUT FULLY NORMAL

Very Little Strike Sentiment Among
the Men in the New River and
Loop Creek Fields.

Some of the Best Organizers in the
Country Are Now Running in
and Out Proselyting Among
the Miners.

Charleston, W. Va., May 20.—Notices have been posted at all the mining operations in the New River and Loop creek field declaring a strike among the miners there and calling upon all those at work to lay down their tools and cease work until the union demands are agreed to by the operators. Monday was the time set for the call to take effect, but so far as can be ascertained it was not obeyed at any place in the field. The output of the field Monday and Tuesday was fully normal. There is very little strike sentiment among the men in that field so far as can be ascertained. Most of the men were brought in to take the places of those who went out on strike last summer, and have not yet become members of the organization. Whether they will or not remains to be seen.

The fact that the Kanawha field has recognized the union will have a tendency to strengthen the work of the organizers, giving them a better basis from which to do their proselyting than they would otherwise have. Some of the best organizers in the country are now running in and out the New River field and Mother Jones is busy night and day with her part of the work. The notices posted at the mines bear the names of President John Mitchell, Vice President T. L. Lewis and Secretary-Treasurer W. B. Wilson, endorsing the strike. They counsel members to obey the law and commit no violence by calling upon each man to do what he can to persuade others to stop work and stay out until the strike is raised. The notice refers to the shooting of the men at Stanaford City and elsewhere and is a strong plea for a general strike.

Huntington, W. Va., May 20.—The Chesapeake & Ohio railway Tuesday night ordered out the usual number of cars to the New River field, claiming that no miners went on strike Tuesday in obedience of a strike order issued by the United Mine Workers. The miners in the Norfolk & Western field will be asked to quit work on June 1.

BITTEN BY A MAD DOG.

Four Persons at the Washington Barracks Taking Pasteur Treatment.

Washington, May 20.—Four persons located at the Washington barracks were bitten several days ago by a dog suffering from rabies and are now making daily trips to Baltimore to take the Pasteur treatment. They are Charlotte Burr, the 12-year-old daughter of Maj. Edward Burr, stationed at the barracks, who was petting the dog when it bit her; Mrs. Edwin Johnson, the wife of Lieut. Johnson; James Frasier, a private, and a serving maid who went to the child's assistance. The dog was finally shot. An examination of the dog's brain proved that it was suffering from rabies.

Freight Handlers Strike.

St. Louis, May 20.—About 200 freight handlers employed in the Frisco and terminal freight houses went on strike Tuesday. No demands were made and there was no intimation of dissatisfaction consequently it is believed the strike was because of sympathy with the packers and porters of the Cupples Station district.

Killed in a Shooting Affray.

Sanderson, Tex., May 20.—Justice of the Peace H. S. Biggs and Ed Boll were killed Tuesday night in a shooting affray at the post office. Deputy Sheriff R. G. McMahon was shot in the arm and seriously wounded. Considerable excitement prevails, but no one knows the exact cause of the trouble.

Adm. Schley in Mexico.

Mexico City, May 20.—Adm. Schley arrived here Tuesday and was greeted by prominent Americans at the Mexican Central railway station. Cards and telegrams have rained in on the Spanish-American war hero and everywhere he is the recipient of many attentions.

OFFERED JETT WHISKY.

It Is Claimed That An Attempt To
Poison Him Was Made.

Winchester, Ky., May 20.—It has just been disclosed that an attempt to poison Curtis Jett was made at the jail here last Sunday. A stranger appeared at the jail and asked to see Jett. He was admitted by Jailer Boone, who, not fancying his actions, remained with him. Jett did not recognize the man who talked quite familiarly. After a while the stranger drew from his pocket a bottle of whisky and offered it to Jett, and Jailer Boone walked up at this juncture and took the bottle from Jett's hand as he was about to drink. Jett protested, saying he wanted the whisky, and Jailer Boone refused to let him have it. Jailer Boone started to walk away with the bottle when the stranger became nervous and asked that he be given the bottle. Jailer Boone kept it and the stranger soon left, showing signs of uneasiness. It has been found that the whisky contained poison of some kind, and it will be sent to the State college here for analysis.

DID NOT COMMIT SUICIDE.

Wm. Covert, Frankfort Merchant,
Carried Off By Heart Trouble.

Frankfort, Ky., May 20.—According to a note found on the body of Wm. Covert, a Frankfort merchant, who fell dead Monday night, Covert committed suicide. According to the autopsy held by physicians Tuesday night death was due to a blood clot on the heart, resulting from natural causes. In the note Covert told his wife he was going to take his life as he was despondent and tired of living. The physicians found no trace of poison in the stomach and are positive that he did not commit suicide but was carried off by heart trouble before he had carried out his intention of self-destruction.

ANNUAL REUNION.

The Thirteenth Meeting of the
United Confederate Veterans
Opened in New Orleans.

THOUSANDS ARE IN ATTENDANCE.

There Is But a Single Shadow and
That Is the Illness of Gen.
John B. Gordon.

He Was Not Able to Attend the After-
noon Session and Remained Qui-
etly in His Room at the Hotel
Receiving No Visitors.

New Orleans, May 20.—Tuesday at noon the 30th annual reunion of the United Confederate Veterans was opened in the great auditorium at the fair grounds. There were thousands of veteran soldiers, hundreds of beautiful women and above and around on every hand a profusion of fluttering flags and waving streamers. There was martial music without limit and enthusiasm unbounded.

Over the beauty and success of the day there was but a single shadow, and that promises to disappear. This was the illness of Gen. John B. Gordon, the commander-in-chief of the organization. He was not well when he left his hotel for the auditorium and has not been in his usual health for several days. Nothing but his grim fighting spirit carried him through the day without something akin to a collapse. He was not able to attend the afternoon session at the auditorium and remained quietly in his room at the hotel, receiving no visitors. His condition is in no manner serious, but it is possible that he may not be able to preside at all the sessions at the auditorium between now and Friday noon.

When the hour for opening the convention arrived the platform was crowded with fair women and men whose names are household words throughout the south. Gen. Gordon's entrance into the hall was an ovation. Cheer after cheer rang through the building as he came down the aisle leaning on the arm of Adj. Gen. Mickel. He was surrounded instantly by a group of friends as he reached the rostrum and for a time was unable to reach his chair. No sooner was he seated than a fair young woman—Miss Tarleton, of Waco, Tex.—approached and, bending down, kissed the general. He sprang quickly to his feet to acknowledge the honor with repeated bows.

Gen. J. B. Levert, commander of the Louisiana division of the Confederate Veterans, called the assembly to order and introduced the chaplain, Gen. Rev. J. William Jones, who delivered an eloquent invocation. Then, in succession came speeches of welcome to the veterans from Hon. Paul Capdeville, mayor of New Orleans; Loys Charbonnet, who spoke for the local organization of the Sons of Veterans; Mrs. William J. Behan, representing the Confederate Southern Memorial association, and Gov. W. W. Heard, who spoke for the people of the state of Louisiana.

E. B. Kruttschnitt, of New Orleans, chairman of the local executive committee in charge of all the arrangements for the reunion, tendered, through Gen. Gordon as their commander-in-chief, the auditorium, which had been constructed for their use. As Gen. Gordon rose to reply he was enthusiastically cheered.

At the conclusion of Gen. Gordon's address he led to the front of the platform Mrs. Stonewall Jackson and said: "It was my fortune and I will never cease to thank God that it was my fortune, to follow, to know well, and to love Stonewall Jackson. He is not here, but the best-half of him is here in the person of his wife. Comrades, I present to you Mrs. Stonewall Jackson."

The oration of Judge Rogers consumed the entire afternoon session.

KENTUCKY CROP OUTLOOK.

Rain Badly Needed, Especially in Central
and Eastern Sections—Corn
Planting Delayed.

[Weekly Bulletin of Weather Bureau.]
The temperature was above normal the entire week and there was an abundance of sunshine. In the Western section moderate showers occurred in many localities on the 13th and 14th, greatly improving the condition of crops in that part of the State. In the Central and Eastern sections no rain fell during the week, and crops are beginning to suffer from drouth. The land has baked and is too hard to work. This has seriously delayed the completion of corn planting and the preparation of tobacco land. Wheat has improved considerably, especially in the Western section. Oats and rye are doing fairly well, but need rain in the Eastern and Central sections. Corn planting is about over. Many early fields have been replanted. Considerable tobacco was set out in the Western section, but in the Central and Eastern sections the weather was too dry. The plants are fairly plentiful and generally about large enough to transplant.

Grass, gardens and potatoes are in fair condition, but needing rain in many places. Apples are doing well. Strawberries are coming into market and are plentiful. Blackberries promise a good yield.

GOT BACK ALL RIGHT.

Grand Patriarch J. Barbour Russell and
Mr. Harry Walsh Ready for Business
on Their Trip to Torment.

[Winchester Democrat.]

Grand Patriarch J. Barbour Russell and Mr. Walsh, of Maysville, came up Friday to institute an Oddfellow's Encampment at Torment. Like all citizens of the Seven Acre City they found The Democrat the Mecca of their pilgrimage in Winchester, and were shown the sights of the town. They expressed a desire to see Curt Jett, and Jailer Boone obligingly accommodated them by locking them in the corridor with Jett. When they found the cell door locked behind them, their curiosity was quickly satisfied, and if their Maysville friends find that they have returned with white hair, they can attribute it to the obliging disposition of our genial Jailer. As Torment is within a few miles of Jackson, they borrowed all the guns in The Democrat office, went down to Jim Martin's drug store and appropriated all that he had, and when they went to the L. and E. depot to take the train for Torment, under the escort of Jailer Boone, they looked so fierce with their walking arsenal, that the people in the upper end of the city took to their houses, thinking that some of the Breathitt County feudists had been turned loose in Winchester. As the gentlemen have not yet returned, there is grave apprehension felt that they have been captured and are being held by one or the other of the feudal factions.

The district convention of the K. of P. attracted quite a large crowd Tuesday, Dover, Fairview, Germantown, Shannon and Mayslick sending delegates. After the conference of the Knight rank on Mr. Walter S. Watson, Grand Chancellor J. H. Henry instructed the members in the secret work of the order.

ing and Was Met by Gov.

Several Thousand School Children
Cheered the President, Each One
Waving An American Flag—
Off For Portland, Ore.

Grass Valley, Cal., May 20.—Fully 2,000 people from Grass Valley, Nevada City and the surrounding country journeyed to Colfax Tuesday to greet President Roosevelt and witness the presentation of a handsome box of quartz specimens and nuggets. Long before the presidential train arrived from Reno, a multitude such as Colfax had never seen before gathered about the depot. As the president's train pulled in a mighty cheer went up and as President Roosevelt appeared three ringing cheers were given. The president bowed his acknowledgments. Mounted on a draped truck, Superior Judge Nilon presented the president with the box of quartz specimens. The president accepted the box and made a brief address thanking the people for the gift and expressing his appreciation of the compliment paid him by the assembly of such a large number of people.

Sacramento, Cal., May 20.—President Roosevelt arrived in Sacramento Tuesday evening and was met by Gov. Pardee and Mayor Clark and the citizens' committee. At the railroad station he was greeted by one of the largest crowds ever seen on a similar occasion in Sacramento. Followed by several carriages filled with citizens and preceded by a tally-ho filled with musicians, the president drove from the depot to the grand stand which was crowded with school children each of the several thousand little ones waving an American flag. The president raised his hat to the little ones in recognition of their hearty cheers.

The president then drove to the Sutter club where he dined. After dinner he drove to the capitol, where he had a brief informal talk with Gov. Pardee and other distinguished citizens. The governor's reception over, President Roosevelt, from a rostrum erected on the east front of the capitol, addressed the assembled citizens. The thousands present displayed the greatest enthusiasm. At the conclusion of his remarks the president drove to his train at the depot and later started on his journey toward Portland.

SUBMARINE TORPEDO BOATS.

The Plunger and Shark Given Their
Official Government Trials.

Greenport, N. Y., May 20.—The Holland submarine torpedo boats Plunger and Shark had their official government trials on Peconset bay Tuesday. They covered a two-mile course, each firing a torpedo at the end of the distance. The Plunger exceeded the government requirements in speed and fired the torpedo with absolute accuracy between two flag buoys the space representing a battleship. Owing to a hot bearing the Shark's speed fell slightly below that required, but her torpedo was fired as correctly as that of the Plunger.

KEEFE KNOCKED OUT.

Young Corbett Easily Disposed of Him
in the Third Round.

St. Louis, May 20.—"Young Corbett" easily disposed of Jack Keefe, of East St. Louis, here Tuesday night, knocking him out in the third round. Keefe started out well and kept Corbett busy in the first round. Corbett encouraged Jack in the second, going to the floor once. In the third Keefe sailed in with great determination, but a right to the stomach and a left swing on the jaw by Corbett soon ended hostilities, Keefe being completely knocked out.

REV. GEORGE O. BARNES may find it harder work to enlighten the "heathen" in Breathitt County than he found his mission among the heathen in far-away and benighted India.

WHENEVER the trusts want anything they begin working in the other direction. They wanted the Elkins bill passed at the last session of Congress, and that is why they sent those telegrams to the Senate asking that it be killed. They knew that would do the trick. That is why, at this time, they are giving out the impression that they do not want Roosevelt nominated or elected. They know the people will give them what they do not want. Watch the game.

ATTORNEY GENERAL KNOX is said to be in a quandary. He is like the fellow who was drunk and was hugging a lamp-post. If he let go he would fall, and if he held on he would freeze. Mr. Knox has shown that a successful prosecution of the trusts can be conducted, and he doesn't want to injure the trusts. They are creatures of the Republican party, and the party is their creature. If the party is going to turn against its friends there is going to be trouble. If Mr. Knox does not go on the people will make life a burden for him, and if he does go on the trusts will smash him. And that's what's the matter with Knox.

THE necessity has arisen for a Democratic platform next year modeled after that of 1876, on which Samuel J. Tilden was nominated and elected. That platform called for reform in almost every paragraph. There is as much necessity for reform now as there was then, and it seems to be the consensus of Democratic opinion that the cry of reform will be one of the issues in the next campaign. "If the honest men of the nation, regardless of politics, could be made to understand the conditions in many of the departments, they would sweep the Republican party out of office on the cry of reform alone and with no other issue in the campaign," says a Washington City writer.

DETHRONE THE "KING."

Demand For Allie Young's Retirement From Chairmanship of State Democratic Committee.

[Richmond Register]

Allie Young must go. The Democratic party cannot afford to enter into an important campaign under the leadership of so intense a partisan, and so thoroughly discredited a politician. He stands for ideas and is the embodiment of methods which are contrary to every teaching of Democracy, and alien to every tradition of Kentuckians. He represents the extreme of machine politics, and that kind of politics has no place in Kentucky. His conduct of the recent primary shows him to be a man utterly without any adequate conception of the true responsibility of the State Chairman to the great party of which he is, by virtue of his position, the official head, and hopelessly lacking in that breadth of view and fairness of spirit which fit a man for successful and inspiring leadership. Kentucky is a Democratic State and the Democratic party represents, in the main, the best and most substantial elements of its moral, intellectual, social and commercial life.

The leadership of the party should measure up to the high standard of its intelligent membership and represent the highest aspiration and purest purpose of the people. On Thursday, without assigning any reason, and with a flagrant disregard of the party law and violent outrage upon every principle of justice, he removed every member of the Lexington Democratic Committee except two and immediately appointed their successors. It was the arbitrary act of a tyrant, drunk with power. The best interests of the ticket just nominated, the best interests of the Democratic party and the best interests of Kentucky demand that Chairman Young be retired and a broader and more representative Democrat be placed at the head of the party organization.

DECORATION DAY.

Committee in Charge of Local Exercises Urges a More General Observance of This Memorial Anniversary.

The committee in charge of the arrangements for Decoration Day Saturday, May 30th, earnestly urge all our citizens to unite in the observance of this beautiful memorial.

Members of the various Fraternal Orders are invited to participate by the decoration of the graves of their departed brethren, and it is hoped that there will be a generous response.

A committee from Joseph Heiser Post, G. A. R., will decorate the graves of the Federal dead; and if there be found the neglected grave of a Confederate, it too will be remembered.

Col. D. W. McClung, one of the most scholarly men in the Ohio Valley, will deliver the address at Dieterich's Park at 2:30 o'clock p. m., and it is sincerely hoped that there will be an attendance worthy of the distinguished speaker and commensurate with the occasion.

The Red Men's Band has been engaged for the afternoon, and there will be splendid vocal music as well.

TOO LATE

To Get State Teachers' Association This Year. But Maysville Will Try Now For 1904 Meeting.

On his recent visit to Cincinnati, President Duley of the Board of Trade had a conference with President John Morris, of the Kentucky Educational Association, to see if the action in changing the State teachers meeting in June from Maysville to Lexington could not be rescinded. Prof. Morris promised to do all he could to bring this about. On his return home, Mr. Duley laid the matter before the board and his action in the matter was ratified and on motion a telegram was sent to President Morris urging the matter on him. Tuesday Mr. Duley received this letter:

Covington, Ky., May 20, 1903.
 John Duley, Esq., President Board of Trade, Maysville, Ky., My Dear Sir: In reply to your telegram of yesterday, I would say that it will be impossible to make any change as to the K. E. A. Our programs have been all printed and are now ready for distribution. This alone would be enough to determine the matter.

No one regrets this unfortunate affair more than I do, but it is too late to mend the matter now. If I can be of any service to you in the future, all you need do is to command me.

Very respectfully, yours,
 JOHN MORRIS.

While it is too late to secure the State teachers convention this year, the Board of Trade will do all it can to get the 1904 convention. And in this effort all who have the city's welfare at heart will co-operate.

James H. West, aged ninety, and Mrs. Amanda Brophy, aged fifty-three, both inmates of the County Infirmary, concluded Tuesday that they would get married, and came down to the County Clerk's office for the necessary papers. They looked about for some one to tie the knot, but Judge Newell and Squire Grant refused to do so, as the couple are already a charge on the county. When Deputy Clerk Pollitt told West the cost of a license, the old man gave up in despair, saying he "hadn't a dime to his name." After remaining at the Clerk's office some time, and finding no one to help them out of their difficulty, the old couple returned to the infirmary.

Mrs. Ellen Hawkins, colored, whose home was on the Lexington pike, died Monday evening, aged eighty-four years. Burial Thursday afternoon. Funeral services at Scott Chapel at 2 p. m.

New sewing machine \$15 at Gerbrich's.

Tobacco plant beds are needing rain badly.

The Albert Sidney Johnson place and the Alex McClung property at Washington have both been much improved recently.

The body of young Henry Davis Collinge, who was drowned at Manchester some days ago, has not been found. There is a reward of \$100 for the recovery of the body.

The case of Mrs. Anna D. McDougle against the National Life Insurance Company was called in the Circuit Court at Lexington Tuesday. The action is brought for \$5,000 on a policy on the life of Harry McDougle. Mr. J. T. Kackley went to Lexington this morning as a witness for plaintiff.

THEY ALL SAY!

Said a gentleman who bought one of our Wool Crash Coat and Pants yesterday, "I did not expect to find as perfect fitting garment ready made as these." Upon telling him the price of the Suit he inquired if the material was all wool. It was quite difficult to make him believe it was on account of the low price we sell them for. No house in the State shows as elegant line of crashes as we do. We want you to see them.

The weather is getting right for our soft comfort giving Shirt. Try our "Faultless;" you commit a fault if you don't. It's the best dollar shirt in the world. Were there a better we would not have these. THE BEST FOR OUR PATRONS IS OUR SOLE AIM.

Well, I should say I do make them, and of the genuine all wool crash and no mistake.

Make them?

Yes, and to your measure, for about the same price you pay for the inferior article, both in material and workmanship; and all the annoyance of alterations avoided, such as tightening or loosening waist and shortening or lengthening legs of trousers, shortening or lengthening sleeves of coats.
